

Sahin Mallick

Full-Stack Web Developer

+916296795257 hi@sahinmallick.tech sahinmallick.tech [in sahinmallick](https://www.linkedin.com/in/sahinmallick) [sahinmallick](https://github.com/sahinmallick) [Kolkata, India](#)

Technical Skills

Languages: JavaScript, Python, HTML, CSS, Markdown

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap, shadcn/ui, DaisyUI, Vite

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, PostgreSQL

ORM/ODM: Prisma, Mongoose

DevOps & Tools: Git, GitHub, Docker, Postman, Linux, Nginx, Vercel, Cloudinary, cPanel

Cloud: AWS (EC2, S3, IAM, Lambda)

CMS: Shopify, WordPress

Education

Brainware University, B.Tech in CSE (Spc. AI & ML)

2022 - 2026

Relevant Coursework: AI, ML, Data Structures, OOPs, DBMS, Computer Networks, Operating Systems **CGPA: 7.78/10**

Experience

Executive Web Developer

Feb 2025 - Jun 2025

FFACE - Kolkata, IN

Hybrid

- Built and maintained Shopify platforms using **Liquid**, custom sections, and scalable theme logic to deliver reliable production features.
- Developed **WordPress solutions** and contributed to backend modules within a modular **monorepo architecture**.
- Managed deployments across server/cloud environments, ensuring stable builds, smooth releases, and production readiness.

Web Developer, Intern

Aug 2024 - Jan 2025

FFACE - Kolkata, IN

Hybrid

- Delivered end-to-end websites for live clients and internal platforms with responsive UI and production-quality implementation
- Debugged production issues, improved performance, and supported feature enhancements under senior developer guidance.
- Worked with **React.js**, **Node.js**, **Express.js**, and REST APIs in a collaborative development workflow.

Projects

CodKaroo - Online Code Execution Platform | *React.js, Express.js, PostgreSQL, Prisma, Judge0 API, Zustand*

- Designed and developed a **web-based code execution platform** using **Judge0** to compile and run user-submitted code securely.
- Integrated **multi-language code execution**, real-time result handling, and error reporting through Judge0 APIs.
- Built a responsive frontend for **writing, executing, and viewing code output** with a seamless developer experience.
- Implemented backend logic for **request orchestration, execution tracking, and performance optimization**.

Creative Showcase - Digital Art & Memory Sharing Platform | *React.js, Express.js, MongoDB, Cloudinary, JWT, REST APIs*

- Built a full-stack platform for users to upload, manage, and showcase **digital artwork** and memories.
- Implemented JWT authentication, public profiles, and role-based access with shareable profile URLs.
- Integrated **Cloudinary** for secure image uploads and optimized media delivery.
- Developed REST APIs for galleries, profiles, and content management with **proper authorization**.

Chef's Place - Restaurant POS & Table Management System | *React.js, Node.js, Express.js, MongoDB, Razorpay*

- Developing a comprehensive restaurant POS system to manage orders, billing, table reservations, and daily operations end-to-end with role-based access control for admin, waiter, and customer workflows.
- Built core modules for table booking and table allocation, along with inventory management and operational tracking to improve overall restaurant efficiency.
- Designed scalable RESTful APIs with Node.js and Express.js and a responsive React.js interface, integrated with MongoDB and Razorpay to support secure payments and future system expansion.
